PERSONAL PROJECTS

Hand Gesture presentation (06/2022 - 06/2022)
- -In this project we can control the ppt slides with our hand gesture
- -we can move to the next slide, draw on it, use a pointer, and erase
- -the project is based on OPEN CV (computer vision) in python, mediapipe(package)

AI Typing Tutor (09/2022 - Present)
- using this project we can learn how to type with our right finger positions
- this will detect your finger position with computer vision and tells you whether you have used the right finger positions or not
- It is based on python,OpenCV
